**Montfort Training for the
Special Education Teachers**

Montfort Centre for Education (MCE) is an undertaking of the Society of the Montfort Brothers of St. Gabriel in India. The Society owns and administers over 160 educational institutions, technical schools and centers for the Handicapped in India.

The Brothers of St. Gabriel are pioneers in the education of the Deaf and the Blind the world over particularly in Europe, Africa and India. The Montfort Training Centre for the Teachers of the Special Education is part of the MCE. The Training Centre is recognized by Rehabilitation Council of India (RCI) and is in technical collaboration with National Institute for the Empowerment of Person with Visual Disabilities (NIEPVD), Dheradun and Ali Yavar Jung National Institute of Speech and Hearing Disabilities (AYJNISHD), Mumbai.

Aims and Objectives

The Montfort Training Centre for special Education is conceived as an integrated set up, where the H.I., V.I and the Mentally Challenged children have education along with the regular children.

The aim of the Montfort Training Centre for the Special Education Teachers is to prepare skilled and efficient special education teachers for Hearing Impaired and Visually Impaired who are committed to developing the highest educational and quality of life potential of persons with Visual Impairment.

The training Programme is also intended to equip special education teachers with necessary skills to engage in professional activities which benefit persons with vision loss, hearing loss, their families and other persons who work in the same field.

It also aims to instill into special education teachers the need to uphold values and professional standards of their work and their need to exercise objective professional judgment.
